It is hard to believe that it is May already but it is so nice to see our usual and familiar things in our life again.

Thank all of you who have paid your dues and Welcome to our new members!

I would like to teach a Genealogy class on Monday or Wednesday mornings if anyone is interested. I have done genealogy research for over 50 years. I have been privileged to be paid by some people to do their family history. My philosophy is simple. Genealogy is NOT just names and dates. It is all about who were these people that are your family? Where did they come from, where did they live, what work did they do? I get excited when I find Military records that tell me how tall they were, what their build was and the color of the eyes and hair. Did they have any physical anomalies? I get very excited when I find where they signed for their pay and I can see their actual handwriting.

I have been very lucky in connecting with other family members that have shared photographs and personal stories.

Is anyone interested in a Movie Day at TASCA? Jordan tells me that we can use the Auditorium and that we have a very nice Surround Sound System. Someone could bring a DVD and we could put it into the computer, sit back and enjoy. Ed Dennis has suggested that we have a "Theme Day". Examples could be a Western Day, Musical 's, Old Movies from the 40's or 50's. etc. Anyone could come and go, watch as much or as little as they like. I am open for suggestions. I will provide popcorn and I promise not to set the fire alarm off! Please let me know if you are interested and your ideas and I will try to get this started as soon as possible.

Would anyone be interested in a Wellness Wednesday? I have just visited with 2 lovely ladies from the Texas A&M Agrilife Extension Service. They are willing to come and talk about a large variety of subjects. Various classes on Food, The facts about different foods, Carbohydrates, growing plants and herbs in pots at TASCA, explaining what all the different meat and dairy products are. They also can offer classes such as the Master of Memory, Walk and Talk, Exercise with stretch bands and other simple things you can do at home to keep you limber. The classes are free and about an hour. They will be bringing me some brochures about all of this that I will have at the front that you may take with you. Please let me know if you are interested.

C/W Dances
May 1st Caddo Creek Band

May 15th Country Drive Band

7:00 PM to 9:30 PM
Admission \$8.00
Members \$ 6.00
